Roman Numeral Index of Sirohi

By Shomit Sirohi

Indexed in Greek Metaphysics and Recent Buddhist Traditions, as also Quranic and Jewish.

Processes of this shifted to an axiom called Greek Bible – simply the culture of it.

I. The Delicate Sound of 1971

I. The process of Shakespeare which is about the process of living in a house which is about the later acts of Henry VI, and his poetic years
II. The process of women in this poetic state
III. The process of walking in a room, which is full of antiquities, like a mass Cathdral house, which then is full of antiquities, which has also a jazz-cut diamond like – one reflection is Faraa's house which then is also Madrid housing which becomes a complex process of constructions of wrought iron and glass with simple cream or white painting and red or in fact complex forms of simple gates and passages, to a simple construction of a bad house as in fact a studio
IV. A lot of women in sex.
V. Shift to Mumbai and more living housing, cheap Colaba hotels and cheap Delhi hotels which is also Lucknow hotels and cheap.
VI. From architecture to poetry then.
VII. Poetry is about the process of sex in a room, or in fact lyricism in a room.

Extra-contextualism –

I. One movement of cars.
II. Another movement of car decks.

Extra-formalism

I. Forms of Portrait in Young Man.
